

DRIVE FEARLESS

www.forcegurkha.co.in

Dear All,

We are pleased to inform you that our Force Gurkha won two prestigious awards from leading auto magazines **Car and Bike India** and the **Top Gear**.

Car and Bike India awarded Force Gurkha the **"Best Motorsport Award 2015"** in recognition of the role played by it in bringing to India the Rainforest Challenge, a world top ten toughest motor race and promote off-roading as a sport. The award is all the more commendable as the other nominees for this award were established players in the field of motorsport like Volkswagen Polo team and the Skoda MRF team.

BBC Top Gear Magazine for the first time instituted a special award **"Monster of the Year 2015"** and awarded it to the Force Gurkha in view of the superlative off-roading capabilities exhibited during the first edition of Rainforest Challenge held in India at Goa.

Our heartiest congratulations to the entire Force Gurkha team and wishing them more awards in the future.
